www.ecogoldmedical.com

Eco Gold[®]

...a synergy of better features

Design

- Large smooth-spinning nut
- Textured finger-grips for ease of use
- Large access opening for increased visibility / instrument access

Safety

- Sterile
- CE-Marked
- Shatter-resistant

Packaging

- Colour coded to save time
- Paper-free pouches - 100% recyclable Compact
- packaging - less storage space Superior
- puncture resistance for ensured sterility

Cost Savings

- Economies of scale
- No compromise on quality
- Efficient packaging / sterilisation

...better by design!

Developed in response to tough financial targets health-service buyers face, the EcoGold® range retains the quality and design of a UK-Manufactured product at an import-replacement price.

Feedback from the professionals...

‘ I must congratulate you on the innovative design and I wouldn't hesitate to advise other healthcare professionals to use this product ’

‘ We love them, they work perfectly... and they don't break! ’

‘ No negative feedback, only unsolicited, positive feedback ’

products for the people who care!™
