## seca CT331 PC Based Interpretive ECG Machine With Bluetooth

The innovative seca CT331 offers the best of both: Medical Bluetooth connectivity and USB cabled option.

Enjoy the flexibility of use in large clinic rooms with a wireless connection, but with a USB cabled option to plug in when needed. Cable-free operation also grants a higher freedom of movement and reduces trip hazards.

- Wireless and lightweight
- Transfer data via Bluetooth or USB cable
- Rechargeable inbuilt batteries for up to 12 hours of runtime (charge via USB port)
- Brilliant recording quality of all 12 leads with a sampling rate of up to 32 kHz
- LEDs for ECG quality and individual lead-on electrode check
- Clear surface for quick and easy disinfection
- EMR integration

Now **£1,925.00**

Code	Product	Price
T629	seca CT331 PC ECG with Bluetooth	£1,999.00

## seca CT8000P-2 Interpretive A4 ECG

- Robust and reliable: ideal for busy clinics
- Wi-Fi connectivity and seca link software included as standard – PDF ECGs automatically download to your PC following acquisition
- 8" colour high-resolution screen with anatomical electrode placement (hook-up adviser function)
- Compatible with all leading EMR systems
- Capture and store 10 minutes of uninterrupted 12 lead data to document intermittent arrhythmias
- Lead reversal: Warnings and misplaced electrodes are immediately displayed before ECG acquisition

Now **£2,995.00**
