## MAG703 LED Magnifying Light - 3 Dioptre, Mobile Mount

A high quality circular magnifying light featuring an LED light source that enhances colour contrasts whilst reducing shadow.

This general-purpose magnifier carries steady movement to a reach of 800mm, and the light head has triple-axis rotation for ease of positioning.

- 3 dioptre magnification
- LED technology (80 LED lamps)
- Low total cost of ownership
- Robust with long lamp life
- Slim design
- Smooth contours
- 800mm reach
- 125mm lens diameter
- Fully-enclosed spring-balanced arm
- Lens cover

Now **£339.00**

Code	Product	Price
T141-M	MAG703 LED Magnifying Light - Mobile	£359.00

### What is 'Dioptre'

You will often see the term 'dioptre' used when searching for a magnifier. This quite simply refers to the amount of curvature in the lens. The higher the dioptre value, the more powerful the magnification, and the greater curvature of the lens.
